

ALL ABOARD!

A Seven Day Oregon Amtrak Excursion - Vancouver, BC to Crater Lake National Park

Travel seasonally (July through mid-October) to Oregon's only National Park. Crater Lake has long attracted the wonder and admiration of people all over the world. Its depth of 1,943 feet (592 meters) makes it the deepest lake in the United States, and the seventh deepest in the world. Its fresh water is some of the clearest found anywhere in the world. The interaction of people with this place is traceable at least as far back as the eruption of Mount Mazama. Founded May 22, 1902, Crater Lake National Park seeks to preserve these natural and cultural resources. Your visit includes a two-hour tour around the rim aboard a historic-design trolley. View the lake from every amazing vista as a National Park interpreter provides lessons in geography, biology, history and more. This suggested itinerary stops in the city of Portland, America's New Food Haven, prior to arriving in scenic Klamath Falls. On your return visit, stay two nights in Eugene before heading home. This is an exceptional seven day excursion. Hop aboard! **For Amtrak information, rates, and exact departure and arrival times visit www.amtrak.com**
